

# **ASSA-I: Towards an effecient framework for aviation security**

Hilde De Clerck / Secretary General of ASSA-I

# About ASSA-International

(formerly known as EASA)

- What ?
- Why ?
- Who ?

# ASSA-I: Quality, Quality and Quality!

- Quality in every aspect of the business:
  - Personnel
  - Organisation
  - Relations with customers
  - Self - Regulation
  - Full respect of legislation

## New Project : CEN/PC 384

A standard for Airport and Aviation Security Services

### Possible way forward

- Necessity of a European-wide standard, to complement legislation
- Industry initiative
- Based on best value principle
- Major tool for sellers and buyers
- Positive impact on ALL stakeholders
- Next step: push for mandatory standards

# Quality as a just basis for the right Liability

## Third Party Liability

- Danger for all stakeholders involved
- Something must be done
  - International level
  - European level
  - National level
